WHAT I CAN DO

I have a strong understanding of both front-end and back-end development, able to design and build end-to-end web applications that are visually appealing, intuitive to use, and perform optimally.

📍 **Cuyapo Nueva Ecija**

OBJECTIVE

Seeking a full stack developer role where I can utilize my skills in front-end and back-end development to design and implement efficient and user-friendly web applications. Looking to join a dynamic team where I can continue to learn and grow as a developer, while contributing my skills and expertise to deliver successful projects.
